Date

Dear Name, (normal)

High Level Planning View – Site Name

Thank you for sending through the above land for an initial high-level appraisal.

This letter summarises the main, high-level planning related constraints and opportunities for the red line area shown below for the purpose of understanding the likely scope of a future planning application for a (type of project) project.

Further detailed work will be needed, including a site visit, to determine the position of the development within the preferred parcel/detailed design matters and to understand more of the sizing considerations and any constraints. This will form part of our first stage of work, if appointed.

Inert Site Location Plan

Site Location

Provide high level summary of findings.

Specialist advice will be needed in respect of the key matters identified.
